- The Mantas are Back!

Whale Shark at Mary Island

Most of you are already aware of the awesome diving to be found at Mary Island. Huge schools of swirling Barracuda and Jacks as well as all the macro life abundant in Solomon Islands. Throw in the occasional Pilot Whale, and few Sailfish and you have a pretty good mix. Well, Kellie, on board MV Bilikiki decided to take it to a new level on a recent charter with a Whale Shark sighting! Any photos? Of course not! Although almost all guests on board were photographers the only divers in the water at the time did not have cameras. At least they can't use the old "I ran out of film" excuse!

Visit us at DEMA Orlando 2009

Will you be attending the 2009 DEMA show in Orlando Nov 4 - 7? If so be sure to drop by our booth and catch up on all the latest news. Allan will be there and looks forward to seeing you. We are in booth 831 in the South Pacific Pavilion.

Join the Growing Community on Facebook

The community on the Bilikiki Facebook page is growing. Be sure to visit and get all the latest, including post trip posts from our on board managers, photos, guest comments and more!

The Mantas are Back!

Kellie and Sam, on board managers on MV Bilikiki report on Facebook that the Mantas are back at Devil's Highway. This is a recently discovered site and one that is sure to gain popularity with our guests. As we learn more about the best seasons to view Mantas we will keep you posted. Check out the video on our Video Gallery page on our web site.
